Update policy/Software maintenance agreement:
A Maintenance Agreement can only be concluded in conjunction with the most current program release. Each individual release level can be purchased at the price of the corresponding annual Maintenance Agreement. It is also possible to purchase the last current release and receive a discount of 25% on the corresponding purchase price amount for existing licensed modules. Mesonic will be happy to quote prices upon request. Maintenance Agreements can only be concluded for all implemented program modules, not for individual modules.

Premium Support:
Scope of services corresponds to the Maintenance Agreement (MA) + expanded Hotline + defined contact partner. Price upon request.

Conversion from single seat to network, multiple seat installation:
1. Single seat at last current release version.
2. Purchase of MP System + desired number of users.
3. Subsequent increase in number of users is possible at any time

Conversion from WinLine business to WinLine corporate:
1. WinLine installation up-to-date at last current release version.
2. Credit of 100% for existing WinLine business modules in first year, and 75% in subsequent years (in combination with valid Maintenance Agreement)

Rental:
Rental of mesonic products is possible. The rental period must run for at least one year.
A maintenance agreement is included in the rental price. Rental prices and conditions of use upon request.

License Changes:
A change in license information is mandatory with any changes in company ownership. A handling charge of € 72 excl. VAT will be charged for issuing the new license and a copy of the relevant commercial register entries shall be submitted to mesonic. The stipulations of the mesonic Terms of Delivery and Warranty remain effective in full.

Supported operating systems, user interfaces, database systems and languages:
- All products are supported on current Microsoft Windows operating systems as well as on Microsoft SQL Server and Microsoft SQL Server Express Edition. Detailed information can be found in the hardware requirement specifications.
- the MP System and all user licenses are excluded from the scope of the site license pricing option.
- The standard release version includes the German and English program version at no extra cost, additional language versions upon request at a 10% surcharge per language.
- Complete program language versions: English, Italian, Czech, Spanish, Polish, Hungarian, Romanian, Croatian, Albanian, and additional versions for Near East, Turkey and China.
  For information on add-on country localization packages contact mesonic Austria, Dr. Gerald Schnabl.

WinLine Cloud:
License is not available for on-site solutions.

Add-on programming by Mesonic Developer Partners (MDP):
MDP add-on programming may only be performed by authorized Mesonic Developer Partners. The CTK module license must also be included together with the MDP runtime license in end customer licenses.

MDP Web Services:
Ask your mesonic sales representative for details on our MDP web services products.
